We provide exceptional Senior Living and Memory Care in a comfortable and homelike community.

Here, we ensure life is filled with countless opportunities to live, laugh and grow. We offer the services and amenities residents need to live fully, along with a broad range of activities and programs that provide opportunities to socialize with others and energize the mind, body and soul.

Our community is close to several medical centers, multiple physician services and historic Omaha neighborhoods. Tucked back in a cozy and quiet location, Astoria is a tree-lined property featuring a private outdoor courtyard. We're proud to be home for individuals with assisted living and memory care needs.

Astoria, formerly known as Brighton Gardens, was purchased by Agemark in December 2022.

Agemark

SENIOR LIVING

Astoria is an Agemark Senior Living community. Family owned and operated, Agemark began offering senior assisted living in the late-1980s, long before "assisted living" was a familiar term. We began by renovating historic hotels in rural areas and converting them into homelike settings for seniors who needed a little help with daily life. Since then, we've grown to 27 communities in six states. But we've held on to what drives us—treating everyone like family. That's our promise, and it applies to all who live and work at Astoria.
